Delivery and payment conditions & legal references

The delivery time for up to 10 data loggers and the Starter Packages is about 5–10 working days after receipt of order. For all other packages, please contact ASPiON via e-mail at order@aspion.de to find out about the current delivery times. All prices indicated are exclusive of statutory VAT, postage and packing unless otherwise specified. Payment is due within 10 days after invoicing and dispatch of delivery. Deliveries outside Europe are made against prepayment plus 60–90 Euro shipping costs. Costs of money transfer are to be borne by the buyer. With the publication of this list, all other previous price lists lose their validity. Our Terms and Conditions apply exclusively: [aspion.de/en/terms](https://www.aspion.de/en/terms). Changes and/or errors excepted.

A sticker is included for each data logger.
