APPROVAL FOR CARGO TRACKING / LOGGING DEVICES ON LUFTHANSA CARGO FLEET MSR – Several Devices

To whom it may concern,

The following device was evaluated under EASA AIR OPS CAT.GEN.MPA.140 of the Air Ops Regulation (as amended by Annex III to ED Decision 2019/008/R).

Lufthansa Cargo has no technical objection to permit use of the devices, provided that the limitations are complied with:

TRACKER	MANUFACTURER	LIMITATION	APPROVED ON ALL KINDS OF AIRCRAFTS OF LUFTHANSA, LUFTHANSA CARGO AND SN BRUSSELS
L-Track	ASPION GmbH		YES

- Devices have to be maintained in a good and safe condition in order to avoid a change of its emission characteristics and avoid a fire hazard from its batteries.
- Changes to hard-/software of approved device shall be reported Lufthansa Cargo to allow re-evaluation of device
- New devices can only be approved prior to technical assessment by Lufthansa Cargo.
- Please ensure that the instruction regarding the booking process is followed and the checkbox "Realtime Tracking" is ticked if any Cargo Tracking Device is being used.

An up-to date list of all Lufthansa Cargo approved Trackers/Logger can be found in the Customer-owned Tracker Guideline: [-https://lufthansa-cargo.com/de/add-on-services/customer-owned-tracker-](https://lufthansa-cargo.com/de/add-on-services/customer-owned-tracker) .

Lufthansa Cargo reserves the right to withdraw the approval at any given time.
